Step 2:

Place the chair body on a soft surface for assembly. Determine the left arm panel from the right and place next to the correct side of the chair.

Step 3:

Note the 3 locations each arm attaches to the chair body; locations A, B and C.

Step 4:

ocate the Air Hoses off each side of chair body and note each hose has a number. Locate the corresponding number on the Air Ports of each Arm. Firmly connect the hoses to the ports by matching the numbers of each.

Locate the electrical wires off the chair body. One wire on the right side and a two wires on the left side. Firmly clip each into the corresponding electrical port.
